Realizing and acknowledging the biblical principle of committed, faithful and systematic giving out of one's substance to provide for and support the work of God at every level, I (we), as a clergyperson (congregation/mission) do hereby commit myself (ourselves) to the monthly amount of:

Tithe (bishop/clergy): \$ _____ ***tithe (congregation/mission):** \$ _____ ****offering: (check one)**

\$50/mo. _____ **\$75/mo.** _____ **\$100/mo.** _____ **other/mo. \$** _____, to be offered unto the Lord for the support of His work and purposes in the International Anglican Orthodox Episcopal Communion.

This monthly support is offered willingly, with a cheerful and trusting heart, to the glory of Almighty God, and in good faith as a member (bishop/clergy/congregation) in good standing in the International Anglican Orthodox Episcopal Communion, and in accordance with the Canons of the same, which stipulate the biblical standard of the tithe (ten percent of personal or congregational/mission income) as the basic practice for financial support of the communion at every level.

* Each new mission congregation (new church plant) is asked to commit to a specific monthly offering amount, as provided for above, once it begins receiving regular tithes and offerings, and has 12 months from the time of its inception (first official gathering, be it home or public) during which to send monthly offerings, until reaching the one-year mark, at which time, if not able sooner, a full monthly tithe (ten percent of monthly congregational income is asked from that point forward. (over)

** If, in the case of individual clergy, you are unable to begin immediately with a full tithe because of lack of regular income, please indicate a monthly offering amount you will commit to, as provided in the “offering” section above. All newly planted missions will also use the offering section to indicate their monthly offering amount until assuming a full monthly tithe.

*** All checks should be made out to: **“William Brown, Ph.D.”**, and should indicate “communion assessment (or offering)” on your memo line. Special offerings should also be specified on the memo line to distinguish them from regular monthly communion support.

- All gifts are tax deductible with the IRS through the incorporated status of the International Anglican Orthodox Episcopal Communion (IAOEC). A yearly statement of giving will be available to each bishop/clergy and congregation/mission upon request, as well as a yearly communion financial report being issued at the yearly communion convention.
